

FLEXIGEN

Joint + Mobility Formula

For knees that complain on the stairs, and anyone who wants to keep moving freely.

FLEXIGEN brings together collagen, rosehip, sodium hyaluronate and vitamin C in one daily capsule. It was formulated by a physiotherapist who sees stiff, sore knees every day, for people who want to stay on their feet.

Key benefits

- **Supports joint comfort.** Built around the structures that cushion and lubricate the joints.
- **Supports cartilage.** Collagen with vitamin C, which contributes to normal collagen formation for the normal function of cartilage.
- **Supports everyday mobility.** For stairs, morning walks and getting up off the floor.

Composition per serving

Collagen Hydrolysed collagen [source and type TBC]	The main structural protein of cartilage, tendons and ligaments. It is the backbone of the formula.	[TBC] mg
Rosehip Rosa canina fruit extract	A fruit traditionally used for joint comfort and naturally rich in polyphenols.	[TBC] mg
Sodium Hyaluronate Hyaluronic acid, sodium salt	A form of hyaluronic acid, which is a natural part of the fluid that lubricates the joints.	[TBC] mg
Vitamin C Ascorbic acid	Contributes to normal collagen formation for the normal function of cartilage.	[TBC] mg ([TBC]% NRV)
